

Presenting

India's **1st** and only
7kVA* PORTABLE GENSET

FI EU 70 is
FUEL INJECTION

7 kVA* Intelligent Generator

Conforms to
CENTRAL
POLLUTION
CONTROL BOARD
(CPCB)
Norms 2014

Powerful, Economical & Silent Performance
for Homes and Businesses

Introducing
HONDA
EP1000

Value for Money Genset

Conform to

Introducing
HONDA
EX2400S

Power that performs silently.

PETROL GENSET

PORTABLE GENERATORS
CARRYING POWER IS NOW EASY

INVERTER SERIES

1. Inverter Generator EU30iS

Due to the Honda's innovative technology, this new age generator is so silent that you might actually want to check if its on. In fact to make it a complete standby power source, every possible detail has been kept in mind while designing its features.

- 2800 VA
 - Ultra-Silent, Portable & Compact
 - Runs AC and many other appliances
-
-

MODEL SPECIFICATIONS

Capacity

Max. Output:	3000 VA
Rated Output 230v / 50 Hz:	2800 VA

Fuel

Fuel Type:	Unleaded Petrol
Fuel Tank Capacity (Ltrs.):	12.5

Highlights

Oil Alert System:	Yes
AC Circuit Protection Device:	Yes
Pilot Lamp:	Yes

Engine

Engine Type:	HONDA GX200T/OHV, Single Cylinder, Air Cooled
Engine Throttle:	Electronic Governor (Load Sensitive)
Engine Control Panel Display:	i-Monitor Equipped
Choke	Auto
Starting	Electric / Recoil Start

Weight & Dimensions

Dry Weight (Kg):	59.5
Dimensions (LxWxH mm):	710 x 482 x 570

2.Portable Genset – Inverter Series EU70is

Due to the Honda's innovative technology, this new age generator is so silent that you might actually want to check if its on. In fact to make it a complete standby power source, every possible detail has been kept in mind while designing its features.

- Full Transistor Ignition
- Electronically Controlled Fuel Injection system

MODEL SPECIFICATIONS Engine

Model:	GX390T2
Engine Type:	GCAGD
Displacement:	389 cm ³
Ignition System:	Full Transistor Ignition
Fuel System:	Electronically Controlled Fuel Injection system

Start System:	Recoil/ Electric Starter
Fuel Capacity (L):	19.2
Continuous Operation @ Rated Output (h):	6.5
Sound Power Lvl. @Rated Output (LWA) (dB):	85.2
Noise Level:	85.2

Generator

Frequency (Hz):	50
Rated Output (kVA):	5.5
Rated Voltage (V):	230
Rated Amperage (A):	23.9
Max. Output (kVA):	7.0

Weight & Dimensions

Length x Width x Height (mm):	1261×700×722 (1016×700×722)*1
Dry mass (kg):	123.2

Highlights

Oil Alert System:	Yes
Air Cleaner:	Dual
Fuel Tank:	Model Specific Large Capacity Fuel Tank
Exhaust:	Model Specific Large Capacity Muffler with 3-way catalyzer
Compliant Regulations:	India noise regulation Phase-II, India emission regulation Phase-II

SILENT SERIES

1. PORTABLE GENSET Silent Series EX2400S

Due to the Honda's innovative technology, this new age generator is so silent that you might actually want to check if its on. In fact to make it a complete standby power source, every possible detail has been kept in mind while designing its features.

- 4 Stroke, Overhead Valve, Single Cylinder
 - Transistorized Magneto Ignition
-
-

MODEL SPECIFICATIONS

Engine

Model:	GX160D
Engine Type:	4 Stroke, Overhead Valve, Single Cylinder
Displacement:	163 Cm3
Bore * Stroke:	68.0 * 45.0 mm
Cooling System:	Forced Air
Ignition System:	Transistorized Magneto Ignition
Engine Oil Capacity:	0.58L
Fuel Tank Capacity:	9.4L
Spark Plug:	BPR6ES (NGK)

Generator (Ac Output)

Rated Voltage:	230 V
Rated Frequency:	50 HZ
Rated Ampere:	7.8 A
Rated Output:	1.8 kVA
Max Output:	2.1 kVA

Weight & Dimensions

Description Code:	EEMD
Length:	985 mm
Width:	471 mm
Height:	722 mm
Dry Mass (Weight):	91.0 Kg

HANDY SERIES

1. Portable Genset Handy Series EP 1000

Due to the Honda's innovative technology, this new age generator is so silent that you might actually want to check if its on. In fact to make it a complete standby power source, every possible detail has been kept in mind while designing its features.

- 750 VA
- Petrol Run, Recoil Start

MODEL SPECIFICATIONS

Engine Parameters

Starting System:	Recoil Starter
Fuel:	Petrol
Fuel Tank Capacity (L) (Kerosene run):	---
Fuel Tank Capacity (L) (Petrol Starting):	3.6
Continuous running hours (Hrs.):	6.7 hrs.

Generator Parameters

Frequency (Hz):	50
Rated Output (VA):	750 VA
Maximum Output (VA):	850 VA
Voltage:	230
Dry Weight (Kg):	27.4 Kg
L x W x H (mm):	404 x 352 x 431

UNIQE FEATURES FOR ALL MODEL

EASY START

Easy Start facility due to manual recoil starter.

CIRCUIT BREAKER

An inbuilt Circuit Breaker prevents the alternator from being damaged in case of a short circuit.

FUEL EFFICIENCY

Honda world proven 4-Stroke Technology ensures high fuel efficiency.

SERVICE NETWORK

A countrywide network of over 700 dealers spread across the country makes after-sales service and spares easily available.

FUEL GAUGE OPTION

For your convenience you can keep a constant check on the fuel levels.

EASY TO CARRY

Honda Handy Series Gensets are easy to carry.

OIL ALERT SYSTEM

Honda Portable Gensets have an Oil Alert System that prevents Engine Seizure due to low oil level.

OPTIONS

Options of Unleaded Petrol fuels available.

NOISE AND AIR REGULATION

Special muffling minimising noise levels. Meeting national standards of air emission regulation.

SPECIAL FEATURES FOR ALL MODEL

Due to the Honda's innovative technology, this new age generator is so silent that you might actually want to check if it's on. In fact, to make it a complete standby power source, every possible detail has been kept in mind while designing its features.

SUPER SILENT

Honda Generator is equipped with a revolutionary sound absorption system. Its large size sound mufflers help absorb the operating noise of the engine - so you can relax even during a power cut. Moreover, the generator meets the applicable Noise Regulation (Phase-II) of Central Pollution Control Board (Govt. of India).

ECO FRIENDLY

Unlike the conventional generators, the low fume engine of Honda Generator keeps your house and environment comfortable. At par with the international standards, it strictly conforms to the stringent applicable emission norms of Central Pollution Control Board (Govt. of India).

A TOUGH PERFORMER

Every Honda Generator is put through a series of stringent performance and quality tests before it becomes a part of your home. The generator has 3 chambers for improved thermal balance. So it never fails to comfort you even in those never ending power cuts.

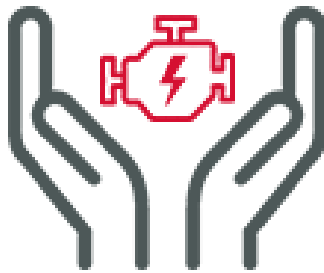

CONSUMER FRIENDLY DESIGN

Its specially designed castor wheels, the top and bottom handle, make it easy for you to move the machine around. Its Oil Alert Device (standard feature) prevents engine seizure. Its plunger type fuel cock helps in starting the generator conveniently. And thanks to its dual type carburettor, no drainage of kerosene is required. What's more, for every maintenance, every model comes with a special tool kit and a fuel funnel.

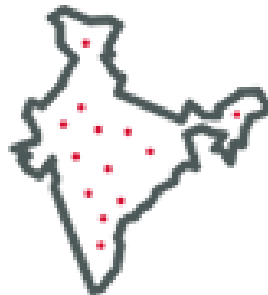

EXTENDED WARRANTY

WHY SHOULD I PURCHASE AN EXTENDED WARRANTY

2-year standard warranty + Extended Warranty upto 2 years*

Peace of mind assured with Honda
authorised service center.

Convenient and hassle free service at
2780 + locations in India

Coverage includes labor cost
and spare parts.
